

PRESIDENT'S COCKPIT

The October meeting took place and the elections were held. I want to thank everyone for electing me, and allowing me to retain the position of president. I will continue to identify and make changes that improve the club and the membership as a whole. At this time I would like to introducing the new executive staff.

President: Roger Vaughn

Vice President: Dave Fromme

Secretary: Charles Russell

Treasurer: David Fuller

I also want to thank Dave Heil, Rick Foch, Gale Perry and last but not least Bob Perry, for the jobs they did last year as well as previous years in the club.

PGRC held their Tri-county fly in and annual open house October 1st, 2005. The weather was beautiful and so were the planes that filled the flight line. There were many pilots and spectators at the event and a good time was had by all. If you were hungry or thirsty hamburgers, hot dogs and cold drinks were available all afternoon.

The EAA monthly meeting at Maryland Airport was a refreshing experience, and those who attended would like to thank Bob Curran and all the EAA members for inviting us. Each CCRCC member got the opportunity to talk about the plane or planes that they brought as well as answer questions along the way. What a great way to expose radio control aviation to the experimental / general aviation world.

In closing, I want to remind everyone that the November 2nd meeting will be a SPAD building event. Hot dogs and cold drinks will be available for all members that are going to be building a SPAD, so get over to Doug's Hobby Shop and order yours today. All necessary items to complete the project will be available at DHS. Until next time, See Ya!

VICE PRESIDENT'S RUNWAY

The Charles County R/C club in partnership with Doug's Hobby Shop (DHS) will be participating in a Simple Plastic Airplane Design (SPAD) building project at the November 2, 2005 club meeting. Persons wishing to purchase one of three SPAD kits available may place an order at DHS (Waldorf) before October 6, 2005. Persons placing an order will have their kit or kits delivered at the CCRCC November meeting at 7pm where we will assemble the aircraft as a club project. This meeting is open to all AMA members and guests are welcome and encouraged to participate in this activity. In addition, hot dogs and cold drinks will be available for all attendees.

*If you are unable to attend the club meeting you may pick up your order starting November 3, 2005 at DHS (Waldorf) during regular business hours.

A list of needed additional items to complete the kits will be at DHS located at the airplane counter and also posted on our website at www.charlescountync.org

Event coordinator- Dave Fromme, dfromme@comcast.net
