

Volume 3, Issue 10

October 2007

CHARLES COUNTY RADIO CONTROL CLUB

The Insiders Edge

PRESIDENT'S COCKPIT

No News, Pres took a well deserved long family vacation.

VICE PRESIDENT'S RUNWAY

No News, VP extensively traveling.

TREASURER'S REPORT

No Input

MISCELLANEOUS

The annual picnic was a great success minus a few mid-air (Sig trainers are really tough) during the balloon busting event. It was a great turnout and the picnic committee chaired by Ken Stout did a fantastic job.

The October meeting is at the school and is a very important one as it is time for elections and discussion of the Christmas Party. Please make sure to attend, vote, and thank our officers for all the work they have done and continue to do for us.

Please send any write ups, stories, or announcement of events to Steve Rose; cpnzot@aol.com for inclusion in our newsletter. Please mark the subject block "CCRCC Newsletter" so my filter does not block it.

FIELD MARSHALL'S HANGAR

Thanks for the club members continuing to put your trust in me as the field marshall. I personally have not been able to get out and fly as much as I would like to, but steal as many days as I can to go out and have fun. For me, that's what this is all about. I just want to get to the field, unload my gear and aircraft, start her up and get to flying. But there are certain safety rules we follow as a club and even more as a member of AMA. It's my job to keep it fresh in my mind about how those safety rules need to be followed, and on occasion remind those club members who forget. No one wants to confront another club member for their wreckless behavior or remind them when they accidentally forget a rule, whether it be CCRCC's or the AMA. But as club members, we have a responsibility to ourselves, fellow club members, future club members, and probably most of all visitor spectators who come to watch us fly. Serious injury and even death can occur as the result of careless flying or taxiing. To keep it short and sweet, monitor yourself, follow the safety guidelines that are in place, ask if you don't know, and if you just can't bring yourself around to reminding another club member about safety, bring it to my attention or any other marshall or executive member and we will do it for you. It's all about fun folks. that's why we are in it. But there are safety rules in place for good reasons. If we all do our best to follow those rules, it should continue to be fun. Happy flying all.
